SUBJECT: U.F.O.

TO: Air Force Systems Command (FTD)  
Wright Patterson AFB, Ohio

1. Attached is a U.F.O. report of very doubtful validity. It is forwarded to you for your records since the observer said she was going to report it also to N.I.C.A.P.
2. Some comments which I do not care to put on the report itself:

a. This appeared to be a pathetic attempt to generate some publicity by an artist whose career would appear to be faltering. The lady appeared to be undernourished. She lived alone in a poor one room apartment with very few visible signs of affluence. She said she was planning to move to a better place next week. We suspected she was being evicted.

b. She is an apparent fan and follower of N.I.C.A.P. and is a firm believer that we are being watched by beings from outer space.

c. My NCO, TSgt Silidonio Montibon, and I felt that this was a rather desperate attempt to generate money by playing on recent publicity and interest in U.F.O.'s. (There was a \$200.00 price tag on the painting.)

N/A

Position, title and comments of the preparing officer, including his preliminary analysis of the possible cause of the sighting(s): (See para 3 AFM 100-2):

Director of Intelligence, 6486th ABWg/326th Air Division

PRELIMINARY ANALYSIS: Unexplainable but doubtful as a valid sighting for the following reasons.

a. Sighting took place just off the coast of Waikiki Beach along a stretch crowded with hotels and restaurants during the busiest time of the evening and yet no one else reported it.

b. Sighting occurred on 29 June 1966 but was not reported to the Air Force until 24 August 1966. It had been reported at some earlier date to local press and radio, who apparently ignored the report.

1. Evidence - physical evidence, such as photographs.

Polaroid picture of a painting of the UFO done by Mrs. Anderson.

This case contains  
1, 3" x 5" photo.
